FAITH
FAMILY FRIENDS

WELCOME HOME!

Phoenix Academic & Early Learning Center is committed to partnering with Oklahoma area families in the care and education of their children. We are here to assist you in every aspect of your child's educational & developmental goals.

Our program offers daily childcare and out of school care for ages 0-12 years, as well as single, and multiple day academic classes from preschool to 12th grade with experienced teachers working alongside the families every step of the way.

Phoenix will host a variety of workshops and social events throughout the year and into the summer to further connect with our community and the families we serve.

We plan to expand our services to the community by hosting open graduation and promotion services for all kindergarten and 12th grade students at the end of each school year.

The staff at Phoenix cannot wait to begin this exciting journey with you and your family!

FULL DAY PRESCHOOL & KINDERGARTEN

"Our task is to help children communicate with the world using all their potential strengths and languages, and to overcome any obstacle presented by our culture."

- Loris Malaguzzi

We believe in starting our students on a firm foundation at PAC, therefore our pre-k and kindergarten programs are scheduled as a weeklong, full day program. Parents are encouraged to visit and volunteer in their child's classroom. This will build a strong relationship between the parent and teacher while allowing for a greater impact on the students' educational experience.

EDUCATION

Fun, Focused, Practical.

Our focus- to teach with a more personal, hands-on approach to learning.

At Phoenix, our teachers will utilize every resource available in connecting with your children to maximize the learning experience. This will include hands-on activities for all subjects, expert guest speakers and community field trips to add real-world experience to the classroom instruction. Our goal at PAC is to educate and nurture every child at their level. From infants to 12th grade, we will strive to teach a positive attitude toward others with respect and ignite a lifelong passion for continued education and learning.

*"Intelligence plus character-that is
the goal of true education."*

Martin Luther King Jr.
